APRIL 2017

*From the President, Susan Gorelick,*

Happy April! At long last it appears the rain has stopped and we are now back to preparing our building to be painted. We are only a few weeks from new roofs being placed on the townhomes which will complete the job of all new roofs for Horizons.

At our next Board meeting we hope to have updates from management regarding the conditions of our balconies and windows. We are finally getting near a point where the Board can discuss what we must do immediately to preserve and repair the structure of our buildings, and how long we can or should wait to do other needed repairs.

Due to all the work being carried out at Horizons we have had many workers in and out of the building causing more dust than usual. This has made extra demands on our cleaning crew. A special thanks goes out to each and every member of the cleaning crew for the great job they have done keeping up with this extra work.

Once again under the tutelage of Jack we were all treated to a truly wonderful Saint Patrick's Day party. As some of you may already be aware Jack has resigned from the Social Committee as well as the Building Committee. He has been an important asset to both committees and will be sorely missed. I am sure we all wish him our very best in his post committee endeavors.

In closing I want to thank so many of you for taking a minute to talk to me in the elevator or stopping to chat in the hallway to express your thoughts. Your opinions are important both to me as well as all your Board Members.

Hope you are all enjoying spring in San Diego!!

Rounding out our menu we're some devilish eggs, nuts, snap pea chips and shamrock cookies .plenty o' thanks to member Velma Paschall for coordinating this for Horizons Social Committee

## Architectural Requests

By Nicole Cardenas

It seems that many residents are in the process of updating their homes. We know that the noise can be an inconvenience for you. When a request is in progress, we will make every attempt to notify you via a notice in the elevator. If the elevator happens to be occupied with other information, we will post a notice in the HOA bulletin boards.

You may also contact the management office with any questions or concerns. Your Architectural Committee works hard to ensure that all requests comply with the governing documents. We apologize for any inconvenience these improvements may cause.

## LAST-SUNDAY MOVIE-SOCIAL

**30 April south tower lounge**

A black sanitation worker in 1950s Pittsburgh once dreamed of becoming a professional baseball player but was deemed too old when the major leagues began admitting black athletes. Bitter over his missed opportunity he creates tension in his family when he squashes his son's chance to meet a college football recruiter. It was nominated for four Oscars including best motion picture winning one and is rated at 93% on Rotten Tomatoes.
