

MEMORANDUM

October 28, 2017

To: *North Tower*

From: Management

Re: **Water Shut Off**

The **hot** and **cold** water will be turned off Thursday, November 2 from 9 AM to 5PM, to replace valves in the North Tower.

Many of you have been experiencing issues with your water (temperature and pressure fluctuations). This is phase one of a three phase repair plan.

Remember that you will not be able to use any fixtures that require water. This *includes* your A/C, washing machine, refrigerator water dispenser, etc.

We sincerely apologize for this inconvenience and thank you for your patience and understanding while we make this critical repair to the plumbing system.

If you have any questions please do not hesitate to contact Management.
